DETAILS: On October 5th 2007 at 5:31 p.m., a two vehicle collision occurred at the intersection of Martin Luther King Boulevard and Blankenship Avenue. Evidence at the scene, and witness statements indicate the Ford Mustang was traveling northbound on Martin Luther King Boulevard. The Chevrolet was traveling southbound on Martin Luther King, making a left, eastbound turn onto Blankenship Avenue. Traffic in the two northbound lanes was stopped and left room for the Chevrolet to turn. As the Chevrolet crossed the right travel lane, the Ford was passing the stopped traffic on the right. The front of the Ford struck the passenger side of the Chevrolet. As a result of the collision, the front passenger in the Chevrolet was pronounced dead by responding medical personnel. The driver of the Chevrolet was transported to UMC with minor injuries. This is the 107 traffic fatality in LVMPD's jurisdiction in 2007. No charges have been filed pending further investigation by the LVMPD Accident Investigation Detail.
