If you are the victim of a burglary, it is important that you know the serial numbers of the items stolen. Without the positive identification made possible by a serial number --- or a unique number which you may engrave or mark on your property --- you may not be able to prove you are the rightful owner if the item is recovered from the thief.

Take a few minutes and record the description, serial numbers and value of those items which are most likely to be stolen. Many of them are listed for you on this form. If you have valuable jewelry, silver, antiques or art objects, take color photographs and note any marks, blemishes or features that make it uniquely identifiable. Keep your property record form and photographs with your insurance papers or in another safe place.

Table with 5 columns: ITEM, BRAND NAME, MODEL #, SERIAL or OTHER #, \$ VALUE. Includes rows for TV #1, TV #2, DVR/VCR, Stereo, PC/Laptop #1, PC/Laptop #2, Game System, iPod/MP3, Camera, and several empty rows.

This form is for those without computer access and/or for your own personal records.
