Violations - Dept Wide (January - December Only)	189,276		231,816		-18.4%

*All DUIs/UICS are added per fatality, not fatal collision.

All DUIs/UICS are added based on confirmed toxicology results unless otherwise stated.

NonMotorists (pedestrians/bicyclists/etc.) are *not* considered to be driving parties/DUI/UICS.

At Fault DUI Driver - An involved driver was confirmed to be impaired and was determined to be at fault for the fatality.

Not at Fault DUI Driver - An involved driver was confirmed to be impaired and was determined to not be at fault for the fatality.

Both Driving Parties DUI - Both involved driving parties (at fault/not at fault) were confirmed to be impaired at time of fatal collision.

DUI Driver Arrested with Toxicology Pending - A suspected DUI driver was arrested, but toxicology results are still pending.

Pending Toxicology - A suspected DUI driver was believed to be impaired at time of fatality, but toxicology results are pending and no arrest has been made.
