

Mopeds and Motorized Scooters

Mopeds or motorized scooters are defined by law as a motorized vehicle and all operators must be in possession of a valid driver's license. If the Moped/Motorized Scooter has an engine displacement of more than 50 cubic centimeters, or produces more than 2 gross brake horsepower, then the operator must have an M endorsement on their license. This also applies to Mopeds/Motorized Scooters that are capable of a maximum speed greater than 30 miles per hour on a flat surface. If these vehicles exceed any of the above requirements, it is considered a motorcycle and all motorcycle laws apply.

In an effort to combat moped theft, the Nevada Legislature passed a bill in 2015 requiring all mopeds operated on the roadway be registered through the Nevada DMV. As of November 1, 2016, the DMV has been issuing moped registrations. All Mopeds/Motorized Scooters must be brought to the nearest DMV office for inspection prior to being registered. There will be a one-time registration fee of \$33, plus other fees for an approximate total of \$60. The registration will be valid until the owner transfers ownership or cancels the registration. As of January 1, 2017, all local and state Law Enforcement agencies will begin enforcement.

Collisions

If you are involved in a collision and need the completed report, you may obtain a full copy of your report at LVMPD Records Bureau (located at 400 S Martin Luther King Blvd. Bldg. C, Monday – Friday, 8am until 5pm or 8am until 3pm on the weekends), or an Area Command. There is a fee of approximately \$9 for the report. Authorized persons to obtain the collision report are; the driver of the vehicle at the time of the collision, the registered owner of vehicles involved or the pedestrian/bicyclist struck. The listed individuals can authorize friends or family members to obtain a copy of

the report by filling out an Authorization to Obtain Police Report form which can be found on the LVMPD website. Any further questions, please call LVMPD Records Bureau at (702) 828-3271.

Parking Enforcement

The City of Las Vegas Parking Enforcement handles most parking issues and enforcement within the city limits. You can contact them at (702) 229-4700 or toll free at 1-800-228-3332. The LVMPD does enforce Handicap parking violations with the help of our great volunteers. The Metro Volunteer Program (MVP's) will periodically go out into the community and enforce Handicap Parking laws. This great program can be reached at (702) 828-5609 or you may contact your local Substation to request their assistance. If you have other parking issues in your community, please feel free to contact your local Substation for assistance.

School Zone Enforcement

The Clark County School District Police has implemented a Traffic Unit within its Department. The Traffic Unit can be reached at (702) 799-7830 with any school zone or parking issues associated with a Clark County School.

The LVMPD Traffic Bureau can also be reached at (702) 828-3535 with your concerns and a Service Request can be initiated for the area of concern.

Towed Vehicles

The LVMPD no longer utilize tow companies on a rotation basis. A tow management company (Auto Return) is now utilized for all tow requests by LVMPD. If you have any questions regarding your vehicle being towed from collision scenes or other locations, please refer to the tow management company. You can contact Auto Return at 702-479-3595 or via the internet at: www.autoreturn.com.

Child Safety Seats (Car Seats)

Your child is 5 years old and weighs approximately 55 pounds. Are you required to have this child secured in a car seat? The answer is yes. By Nevada State Law, any child that is less than 6 years of age **and** weighs less than 60 pounds, must be secured in a child restraint system while being transported in a motor vehicle.

Where would you be able to get a child car seat checked for proper installation? There are various non-profit agencies that give car seat safety education and perform checks. You may find this information on the internet. The following websites may be of some assistance:
