Officer Alejandra Zambrano

Changes in Sex Offender Registration

While the LVMPD’s Records and Fingerprint Bureau is closed, registered sex offenders will need to use an online resource to remain compliant.

Any registrant needing to update or change their information can visit the Offender Watch database at www.offenderwatchexpress.com. Changes will be stored in the database until the sex offender can visit the Records and Fingerprint Bureau and fill out the necessary paperwork.

To ensure compliance, offenders should keep a screenshot, print out or email of the changed information to show law enforcement personnel if necessary.
