LVMPD Enforcing Business Closures
Governor Updates Emergency Directive

The LVMPD is working with various partners to enforce Governor Sisolak’s executive orders as they relate to the closing of non-essential businesses.

For questions about whether a business is essential or not, please see Declaration of Emergency Directive 013 sections 3 and 13.

If further clarification is needed, please contact the Las Vegas Business Licensing Department at (702) 229-6281, or Clark County Business Licensing at (702) 455-4252. You may be required to leave a message and a representative will return your phone call.

To report safety or health hazard concerns at a business, please submit an online complaint form to the Nevada Occupational Safety and Health Administration (OSHA). Complaints could include unsafe working conditions, inadequate personal protective equipment (PPE), inadequate sanitation protocols or unsafe social distancing practices.

Non-essential businesses that remain open can be reported by emailing the LVMPD Special Investigations Section at SIS@LVMPD.com
