LVMPD Opens New Las Vegas Strip Kiosk to Encourage Community Engagement

The Las Vegas Metropolitan Police Department officially took occupancy of a kiosk dedicated by Resorts World Las Vegas on Monday, August 23, marking the opening of a facility designed for officers to interact with residents and tourists on the Las Vegas Strip.

The newly minted 570-square-foot kiosk is located at 3000 S. Las Vegas Blvd., near Resorts World Avenue on the northeast corner of Resorts World Las Vegas's 88-acre site. The LVMPD Community Safety Hub will promote positive visitor experiences and create a community interface with local law enforcement.

"The kiosk represents our commitment toward expanding our community engagement efforts into different segments of the population that we serve," said Sheriff Joe Lombardo. "Resorts World Las Vegas has been a great partner in helping us do that."

Resorts World Las Vegas President Scott Sibella joined Sheriff Lombardo, Clark County Commission Chair Marilyn Kirkpatrick, and Convention Center Area Command (CCAC) Captain Dori Koren for the dedication. W.A. Richardson Builders and Marnell Architecture and numerous subcontractors all generously donated their time and material to the project.

"As the newest property on the Las Vegas Strip, Resorts World Las Vegas is a committed community partner. This new Community Safety Hub is a great opportunity for visitors, locals and Metro to positively engage one another, and we are hopeful that this kiosk will fulfill the vision as an important community resource that enhances the visitor experience," said Scott Sibella, President of Resorts World Las Vegas.

The kiosk will be part of CCAC and allow for a larger police presence on that portion of the Strip. The area command plans to host community events there in the near future.
