	Address: Las Vegas, NV	Age: 26 Female
	Vehicle Information: 2008 Toyota Corolla	
Number: 1	Pedestrian: Pending Identification	Injury: Critical
	Address: Unknown	Age: Unk- Male

COLLISION DETAILS:

On August 12, 2022, at approximately 8:39 a.m., a critical injury, vehicle versus pedestrian collision, was reported near the intersection of West Flamingo Road and South Rainbow Boulevard. Evidence at the scene, witness statements, and surveillance video indicated that a 2008 Toyota Corolla was traveling eastbound on Flamingo Road, west of the intersection with Rainbow Boulevard, in the right left turn lane of two (L2). The Toyota was approaching the intersection on a green turn arrow. A pedestrian was crossing over Flamingo Road, from south to north, outside of a marked crosswalk. A collision occurred when the pedestrian darted through stopped traffic and entered the Toyota's path of travel. The pedestrian ran into the front right side of the Toyota.

The pedestrian sustained life-threatening injuries and was transported by ambulance to UMC Trauma, where he remains in critical condition. The driver of the Toyota remained at the collision scene and did not show signs of impairment.

This collision remains under investigation by the LVMPD's Collision Investigation Section.
